

// GRIP KIT

// GF-GRIP KIT

The GF-Grip Kit System is a multifunctional rigging tool for building various sized bazooka bases, track dollies, rolling spiders as well as customized camera mounts, built on set to suit the operational requirements.

Practical examples: as a Track Dolly with platform, Bazooka Base with adjustable gas riser, with scaffold legs and studio wheels

The centre plate is available as Mitchell, Euro-adaptor or Euro-clamp (ø 80 mm) accepting Combi-rig tubes, Mitchell and Bowl mounts as well as adjustable and fixed risers. Various sized track or studio dollies can be built by adding Skateboard or Studio Wheels.

AL-1500 Bazoooka Base Centre Plate (with Euro-adaptor)

AL-1500K Bazoooka Base Centre Plate (Euro-clamp ø 80 mm)

AL-1500M Bazoooka Base Centre Plate (Mitchell mount)

AL-1508 Extension leg [41 cm / 16"] for track operation
AL-1503 Extension leg [31 cm / 12"]
AL-1502 Extension leg [21 cm / 8"]
AL-1501 Extension leg [12 cm / 5"]

AL-1506 Extension leg for scaffold tube [31 cm / 12"]
AL-1505 Extension leg for scaffold tube [21 cm / 8"]
AL-1507 Horizontal connector for scaffold tube

AL-1521 Pad for levelling bolt
AL-1504 Levelling bolt for extension leg
